

Participation of foreign sportsmen
at individual Championships of the CEB, at their qualifying tournament and at competitions for
national teams

1. Generally speaking, in above mentioned manifestations only the sportsmen, who have as first nationality, the nationality of the country for that they are start, have the possibility to take part.
2. A sportsman will be treated like this one under 1. on condition

that he declares to play for an other nation with the agreement of his national origin European federation. In this case, he must play in the future only for this nation and not for his origin federation, this at least for a lapse of 5 years. Independently if this 5 years are past or not, he must wait this period before he can start again for his origin federation. In the case, that he is playing again for his national origin federation, he must wait at least 5 other years before starting for a new federation.

if he is not European, he must reside at least since 3 years in the country of Europe for that he will start and not playing competitions for his origin country. If he participates in competitions for his origin country, his right to take part at CEB competitions is cancelled and a his return in Europe - independently in which country - the clause of residence of 3 years is guilty again.

3. The CEB competitions for club teams are managed by particular rules.
